

Culture for Resilience Forum 2024

Culture for Resilience Forum 2024 is an event focusing on the role of culture in societal resilience and community strengthening, organised by the BSR Cultural Pearls project and co-funded by the Interreg Baltic Sea Region programme. The Forum brings together 100+ officials, creatives and professionals exchanging ideas on how culture can consolidate and empower communities, thereby enhancing their social resilience.

The project BSR Cultural Pearls aims to strengthen social resilience in Baltic Sea Region cities and regions by harnessing the potential of local assets of culture and creativity. The title Cultural Pearl is awarded to cities for outstanding Culture and Resilience Action Plans. The next call opens 2 April 2024.
